

Our recent B2B Research\* has shown that the companies who have higher maturity, are focusing on expanding both AI and omnichannel commerce

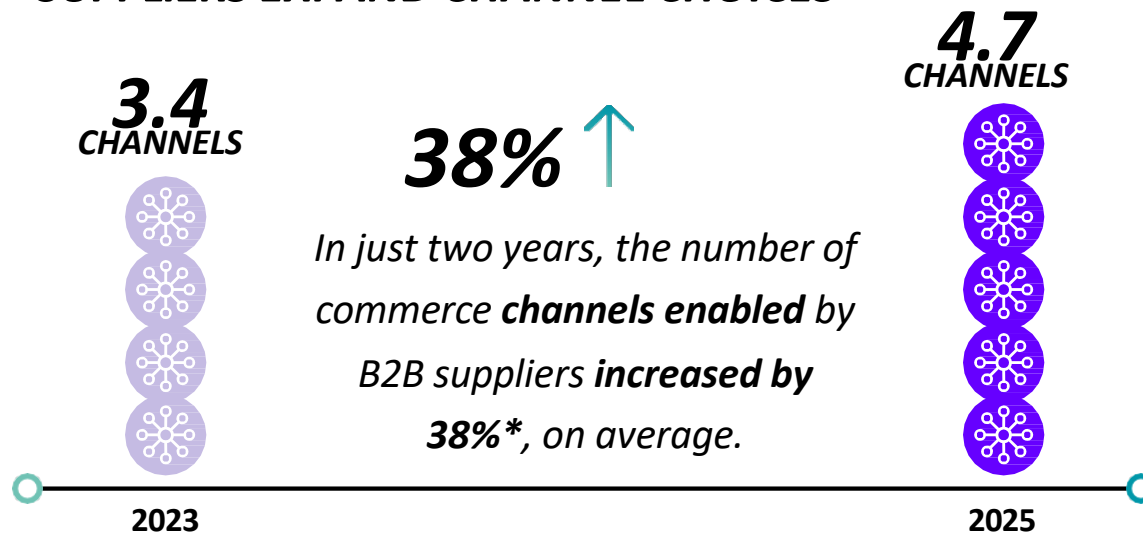

# B2B digital Sales is Omni-channel ... that is B2B Commerce opportunity

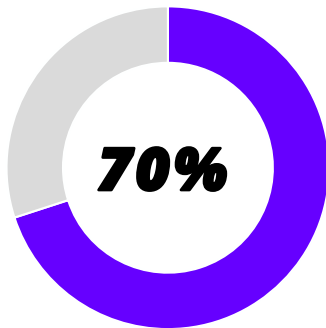

# The mature companies are embracing more channels to meet customers where they are

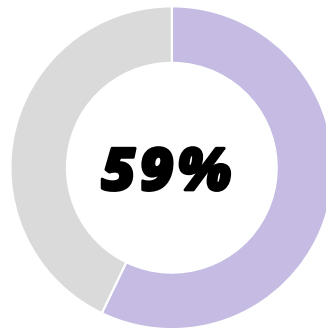

## SUPPLIERS EXPAND CHANNEL CHOICES

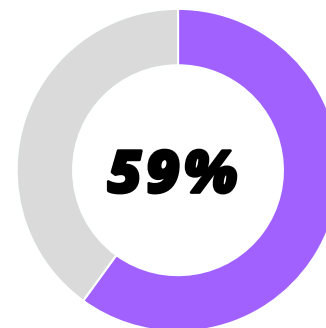

**While overall Agentic AI adoption in B2B is 24%, slower than other B2C, the Mature Companies are focusing on key use cases to reduce friction**
